

WELCOME...

to the place where Terrys of many makes, Tarry.

SOME THINGS YOU NEED TO KNOW ABOUT THE HOUSE.

1. The switches for the hot water heater and living room heater are kept turned off. You will have to turn them ON at the circuit breaker box on the opposite side of the house from the driveway. **DO NOT TURN OFF ANY OTHER SWITCH.**
2. Use your charge card for any long distance phone calls.
3. Baseboard heater gets very hot, please keep furniture and other things such as pillows and throws 12 inches away from them.
4. Mini-blinds should be level when raising or lowering them.
5. Feel free to use any of the supplies; just replace any that you use up.
6. Clothes dryer: Turn knob gently clockwise only. It breaks easily.
7. Use house keys on counter while visiting rather than hidden key.
